Dear Gord McMillan,

I am emailing you today to inquire into a possible placement at your company. I believe that I am the perfect fit for an internship at McMillan and, as such, I am enthusiastically applying to become part of your company.

As is stated in my attached resume, I have been in the Graphic Design program at Algonquin College now for 3 years and before that, received a major in Visual Arts from the University of Ottawa with a minor in Classical Studies; I have a varied background in design. Because of this varied background I would be a serious asset to you and the McMillan Agency and am an ideal candidate.

I work well to solve problems in both a team, and individually and as my attached resume explains I am very well suited for an internship in its many facets. I am a diligent and professional worker and represent those I am working for in this manner.

I hope that, after you review my attached resume, you will understand that I am the perfect fit for McMillan and I would love to set up a future interview to discuss my application for this internship.

Thank you very much for your time and consideration and I look forward to hearing from you.

Sincerely yours,

Tessa Sherin-Snidal

OBJECTIVE

To find a company that provides me with an environment that encourages personal and professional development. To continuously grow and expand my skills as a designer, while being intellectually stimulated. To add value to the company by applying my knowledge and skills in creative strategy and design thinking.
